Dear Lubenham School Council & Green Team,

**Road Revolution Campaign**

Thank you for writing to me about your 'road revolution' campaign, and your petition to campaign for a safe crossing.

This is a very important campaign – people should feel safe when walking to school and this is something we should try to encourage more of.

To look into this further to understand what options are available, I will take this up with Leicestershire County Council, as they look after roads and crossings in Leicestershire.

I will ask them to look into this and see how improvements to safety may be possible and share their findings with us.

This is a very important issue, so thank you again for taking the time to write to me about this – and well done on being elected to join your School Council, I hope you enjoy your time as a Councillor.

Yours faithfully,

*Neil O'Brien*
