

Newsletter **February 2021**

Dear Parents/Carers,

We hope you are keeping safe and well and have managed to enjoy some of this wintery weather. The snow has brought some fun into our home and school learning experiences. We have seen lots of photos of amazing snowmen and daring sledge rides. We are sure the children have loved the snow.

The children are engaging brilliantly with their remote learning: we are incredibly proud of how well they are engaging under these tricky circumstances. It is wonderful to be able to interact with our children via Teams and to see the work they produce. Thank you for all you are doing to support your child to access their remote learning, we fully understand the pressures of working from home and think that you are all amazing.

We are all on the lookout for the 'Wellbeing Waves' that are appearing around the village, don't forget to display yours in your window for everyone to see. I'm sure they will bring a little bit of joy to people as they pass by.

Thank you for all the responses to the remote learning survey. We have collated the responses and are in the process of making adaptations based on this feedback. We appreciated all the comments and the recognition given to staff for their wonderful efforts to provide home learning.

Well-being

Wellbeing is so important to our entire community and we are looking forward to continuing our Wellbeing afternoons after half term. Via our links with LSSP, Roopal from Healthy Minds Hypnotherapy in Market Harborough they provided a video of useful tips for parents. The video aims to support children's well-being and helps parents to develop successful work, rest and play routines. <https://youtu.be/eWJiQ8nZaql>

Internet Safety

Last Tuesday it was internet safety day. Children participated in lessons remotely and in school to learn about the importance of staying safe online. This is more important now than ever before. This website provides lots of support for parents, with videos and leaflets showing top tips to keep our families safe. [Parent online safety support for primary schools | Internet Matters](#)

Food Vouchers

Parents of FSM children will receive a voucher to cover half term from Edenred. Emails should have been received by Friday February 12th

Science Mascot Competition

Over the half term we have a fun science competition for all children to take part in. They each need to design their own science mascot! The winner will have their mascot on our science principles poster which will be put up in every classroom and will be used widely across the school. A copy of the letter / competition template has been sent out to all pupils via email. Entries must be in by Tues 23rd February and will be judged by Mrs White soon after. Have fun and get creative!

We hope that you have a wonderful half term and find time to get outside as a family. Look after yourselves, keep safe and we will look forward to seeing the children either virtually or (if they are in school) in person on 22nd February.
